The frain on the Memphis and Charleston road, leaving this city at 10:20 a.m., connects at Corinth with the southward bound train on the Mobile and Ohio road. The train coming oast and reaching this city at 8 p.m. also connects with

the Mobile and Obio trains at Corinth.

These facts will be deemed extraordinary when it is remembered that never before were such coincident schedules effected between these two roads. We wonder whether the doings of General Forrest or propositions made in the Mississippi Leg-islature had aught to do in bringing about sero propitions results.
